OBJECTIVE

Motivated software engineer with strong full-stack skills, focused on building impactful, user-centric solutions through creative problem-solving.

EDUCATION

B-Tech in Computer Science, Keshav Memorial Institute of Technology   2022 - 2026(Expected)
CGPA: 8.72

Intermediate - MPC, Sree Vedha Saraswathi Junior College   2020 - 2022
Percentage - 97.9

SSC, Govt High School, Narayanpet   2020
GPA - 10

SKILLS

Web Development:	HTML, CSS, JavaScript, Tailwind CSS, React, Redux Toolkit, Node.js, Express.js,
App Development:	ReactNative(Expo), Firebase
Databases:	MongoDB, MySQL
Programming and DSA:	Java, python
Tools:	Git, GitHub, Postman, Docker

PROJECTS

Manas Health: A MERN stack web app to assess student mental health through quiz-based evaluation and ML analysis.

- Categorizes student responses into Normal, Mild, Severe, or Extremely Severe using a trained ML model.
- Teachers can log in to view reports and offer personalized support.

Feedback Analysis: A MERN app with deep learning that summarizes product reviews from Amazon and Flipkart links.

- Extracts sentiment, pros/cons, and summaries to help buyers and sellers.
- Simple UI for link input and feedback visualization.

E-commerce: A full-featured MERN-based e-commerce platform with modern UI and secure payment handling.

- Razorpay for payments and Cloudinary for image optimization.
- Built with Shadcn UI and Tailwind CSS for responsiveness.

DineTime: A React Native and Firebase-based restaurant slot booking app for guest and registered users.

- Built using Expo with flexible, mobile-friendly reservation flow.
- Supports guest bookings without sign-up.

CERTIFICATIONS

- **MERN Stack Development** - Certificate of Completion from CodeHelp.
- **Frontend (CSS, JavaScript, React) Certificate** - Issued by HackerRank
